

CARTHAGE
INDEPENDENT SCHOOL DISTRICT
Education Foundation

April 12, 2010

Cory Christofferson, President
East Texas Gas Producers Association
801 Louisiana, Suite 700
Houston, TX 77002

Dear Friends:

Enclosed is a copy of the Carthage ISD Education Foundation 2009 Annual Report. The directors thought you would like to see what East Texas Gas Producers' gift this past year has helped to make possible. Your organization's generous donation is listed on the page marked with the yellow post-it note. This list is just one of the numerous ways we recognize your contribution.

We just had our 2010 Prize Patrol on March 24. We awarded 45 new grants to excited students and teachers. Next week we will send you pictures and a summary. Many educational field trips, innovative teaching materials, new technology, live professional performances, and first-class teacher training will take place all year long because of those grants; it is an exciting and continuous process.

We also continue to grow the permanent endowment fund and award scholarships.

The directors of the Carthage ISD Education Foundation and the administration and staff of our school district deeply appreciate the generous support ETGPA has given our students and teachers. Your \$12,000.00 gift to the Education Foundation benefits all our students and enables us to provide many important educational experiences they otherwise would not have.

Thank you again.

Yours truly,

Jerry Hanszen
President
